TRAINING PROGRAMMES FOR INTERNATIONAL GOVERNMENT AGENCIES

By Corporate and International Unit

INTAN GOES BEYOND

With over 60 years of establishment, INTAN has achieved astounding success in developing a competent public sector workforce through quality training. Apart from meeting local demand, INTAN goes beyond—conducting various international-level courses as well as training and development for foreign delegates.

In 2018, INTAN launched a new branch of its international training programmes, known as Customised Programmes; training programmes exclusively customized to suit the learning and development requirements of various levels of management groups and professionals from international government agencies.

Since its establishment, the programme has received high demand from public services and government agencies from around the world.

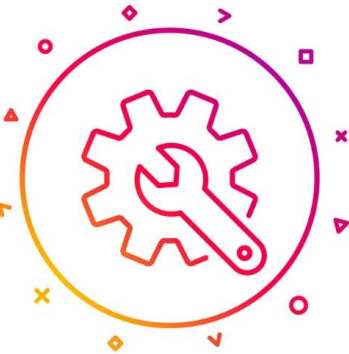

CUSTOMISED PROGRAMMES

We provide **bespoke training programmes**, exclusively for foreign delegates from international government agencies.

ENGAGE. EXPERIENCE. ENRICH

Take training to the next level. Get connected with greater networking, discover beyond-classroom learning experiences and enhance the values and qualities in the civil service.

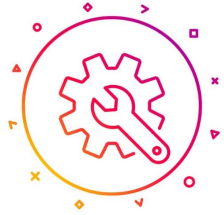

We **design and deliver tailor-made training** programmes in **10 training fields**, to meet the learning and development requirements of various levels of management groups and professionals around the world.

LEARNING FROM MALAYSIA'S EXPERIENCE

The **5-day training programme** revolves around the concept of **"Malaysia's Experiences"** and **sharing of knowledge, experiences and best practices** in Malaysia's government/public sector delivery, in which the visiting cohort of participants can apply the learning outcomes to meet their own responsibilities while forging new networking.

KEY FEATURES OF OUR CUSTOMISED PROGRAMMES:

- Sharing of knowledge, experiences and best practices
- Customer Centric
- Mix method – lectures, field visits, case studies. etc
- Upgrading of professional skills
- Closing the competencies and learning gaps
