6) Muat turun sijil apabila selesai mengikuti kursus di bahagian “**Completed courses**”

The screenshot shows the Coursera interface for a completed course. On the left, a light blue box displays the user's profile picture, a checkmark, and the text "Completed by" followed by the date "October 11, 2021" and "Grade Achieved: 95.67%". Below this, it states "account is verified. Coursera certifies their successful completion of Data Analysis with R Programming".

Below the completion box, the course title "Data Analysis with R Programming" is shown with the Google logo, a 4.8 star rating from 1,272 reviews, and "57K Students Enrolled".

The "WHAT YOU WILL LEARN" section lists four learning objectives:

- Describe the R programming language and its programming environment
- Explain the fundamental concepts associated with programming in R including functions, variables, data types, pipes, and vectors
- Describe the options for generating visualizations in R
- Demonstrate an understanding of the basic formatting R Markdown to create structure and emphasize content

On the right, a large certificate preview is shown. It features the Google logo, the course title, and a blue ribbon on the right side that says "COURSE CERTIFICATE" and "COURSERA". Below the certificate, there are two buttons: "Share Certificate" and "Download Certificate". A mouse cursor is pointing at the "Download Certificate" button.
