

## Care for nation is care for all

By Dr G. Periasamy - September 2, 2021 @ 2:45pm

One thing was sure and noticeable, all our leaders strived their level best in bringing the country to the right direction with many different policies and directives. So, it should not in any way deter us from enhancing and boosting the spirit of patriotism. - NSTP/ASYRAF HAMZAH

WE have just celebrated our National Day on August 31, 2021. This year marks the 64th year. For more than half a century, we have been trudged through with a host of ups and downs.

As a matter of fact, the age reminds us that we are no longer young but getting matured with more grey hair. On the other hand, however, age should go in parallel with the growth of wisdom and experience.

As there is a belief, with age comes wisdom and this wisdom essentially broadened our world view and spectrum of life. Of late, the shaky political environment in the country had a ripple effect on our socio-economic life.

It was unprecedented and historical that the government passed the baton to three different premierhips in a short span of three years since the last general election and undergone tumultuous situation in handling numerous uphill tasks particularly in tackling strenuous battle with Covid-19 pandemic.
